

Society for Research in Rehabilitation Winter Conference

Rehabilitation in life-limiting conditions: Supporting people to live well.

30 January 2024

Cicely Saunders Institute, King's College London

Hosted by Dr Stephen Ashford

Symposia:

Rehabilitation in frailty and
palliative care

Management of breathlessness for
activity and quality of life

- Guest speakers confirmed
- Philip Nichols Lecture
- Free oral presentations
- Poster presentations (including Work in Progress)

If you are a researcher/ practitioner/ educator/ student interested in improving rehabilitation, then this is an ideal conference to present and discuss your work, network with likeminded colleagues and learn what's new in rehabilitation research.
